

## Why Moe Levy's Stores are always crowded

**WE** had the biggest day's business in our history last Saturday. We offer an apology to the many customers who had to be turned away. Tomorrow we are prepared to give them especially prompt, courteous service.

It is easy to account for last week's extraordinary rush of business. Our principle has always been: "Give a man the best clothes that money can buy at the lowest price possible." Our suits and topcoats are so much better value than the other fellow's that people marvel at it. They ask us: "How do you do it?"

We save on our low rent locations. We save by manufacturing our own clothes. We save because we do such a tremendous business that everything—workmanship, overhead and materials—costs us less. And all these savings go to you.

# \$25

These suits and topcoats are gifts at the price. Why, we're selling sport suits for \$25 that other stores are asking two or three times as much for. Our \$25 topcoats and suits are beautifully made of wonderful woolens—your friends simply won't believe you when you tell them the price. And as for variety—you'll see so many models, materials and colors you admire that you'll want to double your wardrobe. Sizes 32 to 52.

## Spring Kid Clothes for Sturdy Kids

We are showing a wide range of mannish suits your boy will like, made of fine all-wool materials that stand up under a healthy youngster's hard wear. And the prices are so low that you can clothe him twice here for what a single suit would cost elsewhere. An extra pair of pants with every suit, because we know what marbles and baseball do to boys' trousers. At either our Walker Street or Bronx store.
